What is Summer Scholars?

Have you ever wanted to hold a GT Summer Camp for your students but do not have the time or energy to plan it and put-it on? Adventures in Learning can help! We specialize in GT summer camp design and presentation.

Summer Camps for GT Students

STEP 1

What is Summer Scholars?

Summer Scholars is a weeklong camp program specifically designed for Gifted and Talented Students. STEM and STEAM concepts are highlighted in every class. Students can explore career interests within the camp structure.

EVERY class contains five core areas:

- 1) STEAM Concepts
- 2) Creative and Critical Thinking
- 3) Construction and Building
- 4) Logic and Higher Level Thinking
- 5) Hands-On Learning

The full day program includes a morning CORE class the students take each day. This allows them in-depth learning in their area of choice. In the afternoon students pick a different SPECIAL INTEREST class which allows them to explore a variety of topics and hobbies throughout the week.

We Handle ALL the Details

Once your district orders the Summer Scholars program you are set to go. We take care of all the details.

Order for Your District Today

We are on bid with many districts and all the Texas co-op programs which make it very easy to purchase from Adventures in Learning, LLC.

STEP 2

Order the Summer Scholars Program.

Your district wide program includes:

- A dedicated ON-SITE Camp Director from Adventures In Learning.
- The use of Adventures in Learning's On-Line registration system.
- We assist in the selection of the camp teachers.
- The Camp Curriculum
- A WIDE number of class choices.
- All class / camp materials are provided.
- Delivery of all materials to the event site.
- All On-Line Training is included for the teachers.
- Camp awards are provided for each participant.
